Warehouse operative with three years' picking, packing and goods-in experience

PROFILE

Reliable warehouse operative with three years in a busy distribution centre, consistently meeting pick-rate targets while keeping accuracy high. Confident using handheld scanners and a warehouse management system, trained in manual handling and happy to work early, late or weekend shifts.

EXPERIENCE

Warehouse Operative, Midshires Distribution Ltd

Northampton | Mar 2022 – Present

- Pick and pack around 120 orders a shift using a handheld scanner, regularly meeting or beating the site pick-rate target.
- Maintained 99.6% picking accuracy over the last 12 months, measured by the site's quality checks.
- Unload and check in 6 to 8 deliveries a day on goods-in, reporting damaged or missing stock against the delivery note.
- Trained 5 new starters on the scanner system, pick routes and safe lifting during their first week.
- Completed daily housekeeping checks so aisles and fire exits stayed clear, with no reportable accidents in the area.

Seasonal Warehouse Assistant, Fastline Parcels

Wellingborough | Oct 2021 – Jan 2022

- Sorted outbound parcels by postcode area during the peak season, working 10-hour shifts.
- Loaded cages and roll containers in the correct route order to keep driver departures on time.
- Kept on beyond the original contract end date to cover the January returns period.
